## **NO DUST AREA**

**ALL OF THE BUILDINGS USED TO STORE  
BOATS/VEHICLES ARE DUST-FREE ZONES!**

No open sanding is allowed. If you must sand, your work area must be hoarded in, and you are strongly encouraged to use a dust collection system.

Antifouling paints can not be dry-sanded as the dust is poisonous. If you must sand, please wet sand.

Dustless sanders (vacuum type) may be acceptable for some kinds of work. Please check this option with our office before commencing work.

If you aren't sure about how to proceed safely, please see us at the office. WE WILL BE HAPPY TO HELP YOU!

### **TAKE NOTE:**

The boat/vehicle owner is always responsible for work done on their boat/vehicle, whether the work is done by the owner or a contractor.

If work on your boat/vehicle results in a mess on surrounding boats/vehicles, our staff will clean them, and we will charge the responsible boat/vehicle owner for those costs.

Thank you in advance for your cooperation.
